

AGORÀ

AESTHETIC
MEDICINE
INTERNATIONAL
CONGRESS

26th Edition

OCTOBER 3-5, 2024

Allianz MiCo
Milano
Convention
Centre

SEFFILINE is a leading company in the field of devices for Autologous Regenerative Therapy in an outpatient setting, certainly one of the therapies most innovative in many medical specialties such as Aesthetic Medicine, Trichology and Gynaecology. We are pleased to share this vision with esteemed professionals who will present their experience on Autologous Regenerative Therapy (ART) on the occasion of **Agorà2024**, Aesthetic Medicine International Congress.

THURSDAY, OCTOBER 3

05:00-06:00 PM | **ORANGE 3 Hall**

O3

WORKSHOP

Autologous regenerative therapy, biomimetic peptides, and thread lifts: a new approach for a full non-surgical lifting

SEVENTY 

Speakers:
Barbara Claysset,
Alessandro Gennai, Lucio Miori

FRIDAY, OCTOBER 4

09:00-10:20 AM | **YELLOW 3 Hall**

Y3

COMBINED PROTOCOLS WITH ENERGY-BASED DEVICES AND INJECTABLES FOR MEDICAL AESTHETIC TREATMENTS OF THE FACE AND NECK PART 1

Combined use of energy-based devices and Autologous Regenerative Therapy: personal experiences
Bruno Bovani

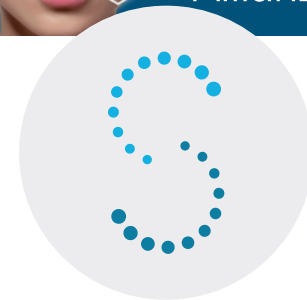

09:00-10:20 AM | **GREEN 2 Hall**

G2

REGENERATIVE AND THERAPEUTIC MEDICINE IN TRICHOLOGY PART 1

Androgenetic alopecia: one year of combined therapy treatments
Katia Siviero

SEFFILINE DEVICES
WILL BE PRESENT AT THE BOOTH
SEVENTY BG No. A107

SEFFILINE
ACADEMY

www.academy.seffiline.com / www.seffiline.com

11:10-12:45 AM PM | **RED Hall**

GOLD SESSION

R

ADVANCED LIP TREATMENTS

Lip lift and regenerative therapy: a combined approach with minimally invasive surgery and regenerative medicine for perioral rejuvenation
Alessandro Gennai

04:00-06:10 PM | **RED Hall**

R

REGENERATIVE MEDICINE: PAST PRESENT AND FUTURE

Nanofat for facial aesthetics
Alessandro Gennai

04:20-06:00 PM | **ORANGE 3 Hall**

O3

PERSONAL EXPERIENCES AND STRATEGIES IN AESTHETIC SURGERY

My 22-year experience with minimal incisions vertical endoscopic lifting: my journey in endoscopic rejuvenation of the upper and mid-face
Alessandro Gennai

SATURDAY, OCTOBER 5

09:00-10:35 AM | **RED Hall**

GOLD SESSION

R

INNOVATIONS AND ADVANCED TECHNIQUES IN THE USE OF THREADS IN AESTHETIC MEDICINE

Remodeling the lower third of the face with a combined protocol of Autologous Regenerative Therapy and traction threads
Paola Rosalba Russo

MANUFACTURER

info@seffiline.com

DISTRIBUTOR

SEVENTY 

info@seventybg

SATURDAY, OCTOBER 5

11:00-12:00 AM PM YELLOW 1 Hall

Y1

WORKSHOP

Seffiller®
for regenerative therapy
with autologous exosomes:
combined techniques
with Seffiller, enerjet,
and Tullio laser

Chairperson:
Alessandro Casadei

Speakers and Injectors
for the live session:
Alessandro Gennai,
Alvaro Pacifici,
Francesco Paolo Alberico

Participants in the workshop will receive
the **basic course certificate**
for the **use of Seffiline devices**
for outpatient Autologous Regenerative Therapy.

11:40-01:30 AM PM YELLOW 2 Hall

Y2

REGENERATIVE AND ANTI-AGING MEDICINE

Skin regeneration through the use
of pre-stimulated autologous adipose tissue
with fractional laser at dual simultaneous
wavelengths 1550 nm and 1927 nm

Eugenio Gandolfi

Regenerative, anti-aging, and anti-inflammatory
properties of human exosomes obtained
through mechanical fragmentation
using the Superficial Enhanced Fluid Fat
Injection guided procedure

Alessandro Casadei

Guided Superficial Enhanced Fluid Fat Injection:
multi-layer approach to medical
regenerative rejuvenation of the face

Alessandro Gennai

Guided Superficial Enhanced Fluid Fat Injection
and calcium hydroxyapatite:

the winning combination of bioregeneration
and biostimulation in anti-aging treatment

Alessandro Gennai

12:45-01:45 AM PM YELLOW 3 Hall

**GOLD
SESSION**

Y3

**COMBINED LASER TECHNIQUES
WITH REGENERATIVE TREATMENTS
IN CUTANEOUS ALTERATIONS
IN AESTHETIC MEDICINE**

Adipose tissue: its properties, harvesting techniques,
and preparatory grafting combined with laser treatments
Alessandro Casadei

Transdermal pneumatic delivery in anti-aging treatment,
skin lesions, and pathological scars
Alvaro Pacifici

Tulium 1927 nm laser for biorevitalization
and bioregeneration in the treatment
of various levels of skin aging
Francesco Paolo Alberico

Laser techniques combined with
regenerative treatments with collagen and adipose tissue
in cutaneous alterations in Aesthetic Medicine
Enrico Bernè, Filippo Balconi, Alvaro Pacifici

01:30-02:30 PM PM YELLOW 1 Hall

Y1

**COMBINED TREATMENT PROTOCOLS
WITH INJECTABLE MEDICAL
DEVICES PART 2**

Guided Superficial Enhanced Fluid Fat Injection
and PEGylated hyaluronic acid with 1% calcium
hydroxyapatite in the treatment of photoaging
Monica Baldessin

02:30-04:30 PM PM GREEN 3 Hall

G3

**HOW TO IMPROVE THE SKIN
OF THE VULVA:
COMPARATIVE METHODS**

Treatment with nanofat: video contribution
Alessandro Gennai

03:00-04:00 PM PM GREEN 2 Hall

G2

**REGENERATIVE AND THERAPEUTIC
MEDICINE AND SURGERY
IN TRICHOLOGY PART 2**

Regenerative medicine protocols in trichology
Piero Tesauo

Stem cells and volumizing fat in cicatricial alopecia:
a scientific rationale analysis and a 6-year
review of autologous fat transfer experience
Piero Tesauo

**SEFFILINE DEVICES
WILL BE PRESENT AT THE BOOTH
SEVENTY BG No. A107**
